

Mollart Engineering (Resolven) Limited

HSEQ Technician/Officer

Locations: Resolven, Neath, Wales (Primary Site) and Chessington, Surrey (Secondary Site).

About the Role

An opportunity has arisen for a highly motivated Health & Safety Officer with Environmental and Quality accreditation experience to join a long-established company with a world leading reputation as specialists in Electro-Mechanical assembly and the provision of precision subcontract machining and manufacture of cutting tools.

Purpose of the Role:

To support the implementation and continuous improvement of Health & Safety, Environmental and Quality systems ensuring compliance and promoting best practice across both engineering sites.

Based at the Resolven, Neath site in Wales this role will require monthly travelling to the other engineering site to ensure each site compliance is kept up to date.

Key Responsibilities:

Health & Safety:

- Support ISO 45001 H&S Systems
- Conduct audits, inspections, and risk assessments.
- Support compliance with UK H&S legislation.
- Investigate incidents and implement corrective actions.
- Monitor and deliver training, inductions, and toolbox talks to staff base.

Quality Control:

- Support ISO 9001 quality systems
- Perform internal audits and assist external audits
- Manage non-conformances and corrective actions
- Maintain inspection and calibration records

Environmental:

- Support ISO 14001 environmental systems
- Monitor waste handling and sustainability initiatives
- Ensure environmental compliance

Cross-Site Responsibilities

- Travel between Resolven and Chessington
- Standardise procedures and best practices
- Support continuous improvement across both sites

Requirements

- Proven experience in a similar role, ideally within a manufacturing/ engineering environment.
- Ideally membership or qualifications with a relevant Health & Safety body NEBOSH (desirable).
- Knowledge of ISO 9001/14001/45001
- A good technical knowledge of relevant health, safety and environmental legislation.
- Excellent organizational and multitasking skills.
- A team player with a high level of dedication.
- Ability to work under strict deadlines.
- Excellent communication skills.
- Good IT skills and knowledge and experience of Microsoft Office suite.
- Full UK Driving Licence.

The Package

- Competitive salary package.
- Pension scheme.
- Life Assurance.
- Participation in the company bonus scheme after the qualifying period.
- 38 hour working week, 12pm finish on a Friday.
