

Mollart Engineering (Resolven) Limited

Skilled CNC Machinist Vacancy

Due to our continued expansion, Mollart Engineering Resolven are looking to hire a skilled CNC Machinist to join our industry leading company.

We are seeking motivated and enthusiastic people to join our team at our Resolven facility in South Wales.

Key Responsibilities:

- Gathering quotations for raw materials and OEM items.
- Assist with raising and processing purchase orders.
- Maintain accurate procurement and supplier records.
- Support the procurement team with administrative duties.
- File purchase orders and delivery notes.
- Ensure procurement procedures and company policies are followed.
- Attend training sessions and complete apprenticeship coursework.

Required Experience:

- 5 Axis setting/operating
- Mazak VTC knowledge
- Semiconductor/Medical industry experience preferred but not essential

Desirable Qualifications:

- GCSEs in English and Maths preferred.
- Interest in business administration, purchasing or supply chain operations.
- Previous office experience is beneficial but not essential.

If you are passionate about engineering, this is your opportunity to work alongside a driven group of professionals, contribute to exciting projects, and be a part of the semiconductor future.
